plan was developed

ANAPHYLAXIS (SEVERE ALLERGIC REACTION)

- **1** Give EpiPen[®] or EpiPen[®] Jr
- 2 Call ambulance*- telephone 000 (Aus) or 111 (NZ)
- **3** Lay person flat and elevate legs. If breathing is difficult, allow to sit but do not stand
- **4** Contact family/carer
- 5 Further adrenaline doses may be given if no response after 5 minutes (if another adrenaline autoinjector is available)

If in doubt, give $EpiPen^{\mathbb{R}}$ or $EpiPen^{\mathbb{R}}$ Jr

EpiPen[®] Jr is generally prescribed for children aged 1-5 years. *Medical observation in hospital for at least 4 hours is recommended after anaphylaxis.
